NUMBER 197.

SOUTH CAROLINA. MESSAGE.

The State Debt Question-The Color Line on Railroad Trains city quite celebrated in this respect. It

COLUMBIA, S. C., November 27.-Gov- local pride, but is pointed to by our visiernor Richardson submitted his annual tors as something remarkable for so message to the Legislature to day concerning the settlement of the State deld, small a place. A dinner was given to known as the Brown Consols, amounting Col. Fineke, a prominent New Yorker, to about six million of dollars bearing six hy Mr. Martin yesterday at the Cosmoper cent, interest, payable semi-annually, and maturing July 1, 1893. The governor suggests that the Legislature pass an act authorizing the issue of bonds. and stock interchangeable, one for the other, as is the case with Brown consols, which only belongs to the thorough man being on duty. The men are stationed at the entrances of the ruined streets, barring all approach to the burned disbearing four per cent, interest per annum, payable semi-annually in such amount as can be exchanged for Brown consols. said bonds and stock to be issued during the year 1830, and to mature in fifty years. As an inducement to holders of the Brown consols to exchange them for glowing terms about this Club. He associated charities many families the Brown consols to exchange them for flowing terms about this Ciun. He the associated consols for the four per cent, bonds, the governor suggests that the treasurer be authorized to post twenty-five years, and a member of houses, and rations of hot soup, crackers gests that the treasurer be authorized to pay the difference in interest from the date of execution up to the date of maturity of the Brown consols, which is luly 1893, in cash; and if the new bonds that there is no town of twice the size of viding for the destitate families will providing for the destitate families will providing for the destitate families will providing for the destitate families. fully 1803, in cash; and if the low domestimate the norm of the exchanged at par, then to another thorize them to be exchanged at a less sum, but in no case at less than 97 dollars per hundred. The difference between which can support a club like this. The feature of the terrible conflagration. the sum for which the new bonds are steward was the second steward in my sold and par value should also be paid own club and the meal furnished us in eash from the fund appropriated for the purpose, as it would make the new bonds and stock more desirable as an investment if prompt and certain payment clubs in New York and Brooklyu. I am of interest was assured. The governor percetty willing to be quoted as saying recommends that in addition to the this. It was a perfect revelation to guarantee now given by the State to secure the payment of principal and interest est of the Brown cousols, that the phoses of the push and enterprise can give of the push and enterprise small wooden structures with their signs phate royalty received by the State be pledged to, and set apart for that purpose also. This royalty yielded to the State last year \$213,005, a sum nearly ville, that there is so much taste and culequal to the whole amount of the annual | tivation here, that men not only desire interest of the proposed new issue of securities. The supply of phosphates is practically mexhaustible, and the demand for it in the crude state, as well as disseminator of ideas and a promotor of for manufactured products by the agricul- social intercouse. There you meet able, tural industry of the world is growing intelligent men, who are up on all the

In regard to the popular agitation now in progress for separate accommo-tions for the whites and blacks on the tion. No eard playing for money, nothrailroad trains, the Gavernor says:
"It is a matter of general information,

that in response to an argent public de-mand, several of the railroads entering Columbia provided separate but equal accommodations for passengers of the two races during the recent State fair. and that the experiment proved notably successful, causing no friction or com-plaint, but conducing instead in an eminent degree to the pleasure and com-fort of excursionists. There is no reason why this temporary regulation should not be made permanent to the joint ad-vantage of the railroads and traveling. The interpolation of the made permanent to the joint ad-vantage of the railroads and traveling the place itself. There is no reason why this temporary regulation should not be made permanent to the joint ad-vantage of the railroads and traveling the place itself. There is no reason than in any town in the West.' I have trade manufacturers were making many specification in the place itself. The place itself is a day of thanksgiving and public. The intermixture of passengers of both races in the same rairoad conches or compartments is frequently and aggressive plans and enterprises of light to day, not a very large stock of manufactured shoes was burned. T. W. concles or compartments is frequently and aggressive praisant enterprises of attended by unpleasant incidents which could be prevented by the provision of if you hear of my settling here permanents will rebuild here and before many separate accommodations; and to this accommodations being made equal in mently before long. accommodations being made equal in character, there could be no objection by thoughtful persons of either race. I consider it my daty to present these considerations to the general assembly for such action as may be deemed advisable. and proper, and to urge that, as a pre-liminary step to the settlement of this pressing question, the general statutes the State, and that the reform, which is demanded by public sentiment may not

have amended is the civil rights law enacted by the republicans, previous to 1876, and which deshred that any corporation making discrimination in the poration making discrimination in the properties of the properties and the properties are properties at the properties and the properties are properties at the properties and the properties are properties at the properties at the properties are properties at the properties at matter of accommodations, etc., on account of race or color shall forieit is with regard to the

State should take care that they are reverently preserved as immorable memori- force of men at work on it, and we are als of gallant and self-sacrificing devotion rapidly pushing it through. From Ruth. NEW YORK, November 27.-1as. Mar spector general's department to be care—the money is ready, and the contracts are resigning Martin says that he was unafully preserved in the capital in appro-made.
